

About Tomorrow People Organization Who we are

Tomorrow People Organization is a non-profit organization dedicated to helping individuals become educated and globally aware professionals, committed to enacting a positive change in the world. Our focus is on ethical education through exposure to diversity of thought and cross-cultural experiences.

We believe diversity is a treasure and our differences are complementary. We believe in learning through understanding different perspectives, as a necessary tool for transforming our ideas into workable solutions that would provide sustainable and continuous development of an individual and society as a whole. In order to achieve this, our programs are carefully designed to provide dynamic learning and networking experiences by hosting individuals with the most diverse professional, educational and cultural backgrounds.

Our vision

We believe in learning through others and transforming our ideas to provide continuous personal and professional development, using diversity as an important source of knowledge for greater well-being and sustainable development of our society and our civilization.

Our mission

To be a source of positive change for individuals, community and society as a whole. We deliver programs and conferences that are carefully designed to build inclusive connections, through creative, think tank environments.

Our values

Inspiring

Our programs are designed as an opportunity to step outside our daily routines. You will hear stories, learn new perspectives, and connect with people you would otherwise not have a chance to meet and spend three days with. And, being away from the noise of your daily life, you will be given a rare and precious opportunity to reflect on what you have already collected on your journey. Diversity of cultures, thoughts, perspectives and experiences represented in our programs create a perfect environment for inspiration and new ideas be born: whether it's an idea for a new project, new research, new collaborators or how to innovate and improve the projects you are already working on.

Impactful

We believe in education for life and education for change. Our programs offer opportunities to expand your knowledge and perspectives on subjects at hand. We connect people, building a community of globally aware individuals, that serve as a foundation for raising the new generation of leaders, a catalyst for change. Knowledge, contacts, inspiration and opportunities are taken back to our respective communities, creating a ripple effect by inflicting further positive change in the world around us. We also believe in giving back to community. This is why we support local organizations and partner with local entrepreneurs, wherever we go.

Inclusive

We involve people. We believe in diversity of thoughts and diversity of perspectives. We believe that every opinion matters and every voice deserves to be heard. We believe in collaboration and we see our differences as complementary. We believe that everyone holds a unique piece of puzzle that can only be revealed when we allow them to be their authentic selves. This is why our programs provide a safe space for different opinions to be expressed, different perspectives to be shared and different cultures to be represented, so that we can grow and evolve together, as individuals, as species and as civilization. We believe that only together we complete the puzzle.

8TH SUSTAINABLE DEVELOPMENT CONFERENCE SDC2021] 12th - 14th of November 2021 **VIRTUAL CONFERENCE**

8th Sustainable Development Conference [SDC2021] is a three-day program, unlike most academic conferences. It brings together scholars, graduate students and professionals as well as NGO representatives and policymakers from across the world. SDC provides a comprehensive platform for learning and networking with global stakeholders and offers exposure to different perspectives on this very important aspect of our lives and, as such, important for the society as a whole. We believe that only by understanding perspectives of various stakeholders can we transform our ideas into sustainable solutions that will work for all.

Every year Sustainable Development Conference [SDC] gathers global stakeholders from academic, professional and governmental realms to gather, network and discuss themes and current issues related to sustainable economic development, environment, climate change and renewable energy. SDC offers a unique, culturally and professionally diverse environment, carefully designed to foster personal and professional growth.

Attended by:

- Scholars
- Policy makers
- Professionals
- NGOs
- Graduate students
- Others

Opportunities:

SHARE:

Present your research, share your experience, raise awareness of your work and get valuable feedback from the international community of scholars, professionals and policy makers

LEARN:

From leading experts in the fields of sustainable development, renewable energy, public policies

CONNECT:

Network with global stakeholders, make new friends and find collaborators for your projects

Expect:

- Multicultural environment
- Inspiring speakers and dynamic panel discussions
- Professional diversity
- All ages and genders
- Meaningful and lasting connections
- Safe, fun and vibrant location

Reflecting on past conferences, we are proud to learn that numerous projects have been developed and implemented as a result of knowledge, inspiration and contacts gained at SDC. It makes us even more proud to learn of many international collaborations and friendships that started at the SDC as it is at the core of who we are.

- Review of the paper and its publication in the official conference proceedings (for authors)
- Presentation of accepted paper (for authors)
- Copy of the conference proceedings
- E-Certificate of attendance (and certificate of presented paper for presenters)

Other important details

Registration: Notification on acceptance, does not guarantee a spot in the conference unless registration arrangements are completed until the date specified in the acceptance letter and invoice. If the registration arrangements are not completed by the deadline specified in the letter of acceptance, we reserve the right to release a spot and offer it to another waiting listed applicant.

Correspondence: In all written correspondence, please include your full name as indicated in your application and acceptance documents in order to avoid a delay in getting assistance. Admitted applicants are expected to confirm receipt of the notification of acceptance to the conference and clarify their position by the deadline stated in the letter of acceptance and the invoice. If, for any reason, you are unable to attend the conference or are in need of an extension of a deadline for clarification of your position in the conference, please confirm with us as well.

Student observers: Full time students attending the conference as observers are requested to submit the proof of their full time student status in order to avail of student registration fee. This can be a scanned copy of the student card, or a letter from their university scanned and emailed to: vilic@tomorrowpeople.org.

Late payments: Please, note that early bird registration fee applies for the payments made until the deadlines stated in the acceptance letter only. For payments made after the deadline stated in the acceptance letter, the regular admission fee will apply; Once registration is closed, it will be available for observers only and is subject to availability of spots, which are offered on the first come first served basis. We cannot guarantee the availability of spots for applicants who have not secured their spot in advance, as space in our conferences is limited.

Outside Funding: A number of our participants receive some sort of funding from their home university. If you are studying or working at the university, please check if they have funds to support attendance of international conferences. If you are employed, check with your organization whether they could sponsor your participation. You may also want to contact local service organizations, such as Rotary Club.
