2nd International Conference on Happiness and Well-being [ICHW2024]
17th - 19th of March 2024 - Bangkok, Thailand
About Tomorrow People Organization

Who we are

Tomorrow People Organization is a non-profit organization dedicated to helping individuals become educated and globally aware professionals, committed to enacting a positive change in the world. Our focus is on ethical education through exposure to diversity of thought and cross-cultural experiences.

We believe diversity is a treasure and our differences are complementary. We believe in learning through understanding different perspectives, as a necessary tool for transforming our ideas into workable solutions that would provide sustainable and continuous development of an individual and society as a whole. In order to achieve this, our programs are carefully designed to provide dynamic learning and networking experiences by hosting individuals with the most diverse professional, educational and cultural backgrounds.

Our vision

We believe in learning through others and transforming our ideas to provide continuous personal and professional development, using diversity as an important source of knowledge for greater well-being and sustainable development of our society and our civilization.

Our mission

To be a source of positive change for individuals, community and society as a whole. We deliver programs and conferences that are carefully designed to build inclusive connections, through creative, think tank environments.

Our values

Inspiring

Our programs are designed as an opportunity to step outside our daily routines. You will hear stories, learn new perspectives, and connect with people you would otherwise not have a chance to meet and spend three days with. And, being away from the noise of your daily life, you will be given a rare and precious opportunity to reflect on what you have already collected on your journey. Diversity of cultures, thoughts, perspectives and experiences represented in our programs create a perfect environment for inspiration and new ideas be born: whether it's an idea for a new project, new research, new collaborators or how to innovate and improve the projects you are already working on.

Impactful

We believe in education for life and education for change. Our programs offer opportunities to expand your knowledge and perspectives on subjects at hand. We connect people, building a community of globally aware individuals, that serve as a foundation for raising the new generation of leaders, a catalyst for change. Knowledge, contacts, inspiration and opportunities are taken back to our respective communities, creating a ripple effect by inflicting further positive change in the world around us. We also believe in giving back to community. This is why we support local organizations and partner with local entrepreneurs, wherever we go.

Inclusive

We involve people. We believe in diversity of thoughts and diversity of perspectives. We believe that every opinion matters and every voice deserves to be heard. We believe in collaboration and we see our differences as complementary. We believe that everyone holds a unique piece of puzzle that can only be revealed when we allow them to be their authentic selves. This is why our programs provide a safe space for different opinions to be expressed, different perspectives to be shared and different cultures to be represented, so that we can grow and evolve together, as individuals, as species and as civilization. We believe that only together we complete the puzzle.
10th Sustainable Development Conference [SDC2023] is a three-day program, unlike most academic conferences. It brings together scholars, graduate students and professionals as well as NGO representatives and policymakers from across the world. SDC provides a comprehensive platform for learning and networking with global stakeholders and offers exposure to different perspectives on this very important aspect of our lives and, as such, important for the society as a whole. We believe that only by understanding perspectives of various stakeholders can we transform our ideas into sustainable solutions that will work for all.

SDC2023 covers topics ranging from to economic and social sustainable development, environmental protection and climate change, as well as case studies from across the globe. The program consists of: plenary talks, presentations of selected papers, case studies and reports; themed panel discussions and networking activities. We offer a safe, culturally and professionally diverse environment, carefully designed to foster personal and professional growth.

What you can expect:
- Multicultural environment
- Inspiring speakers and dynamic panel discussions
- Professional diversity
- All ages and genders
- Meaningful and lasting connections
- Safe, fun and vibrant location

Attended by:
- Scholars
- Policy makers
- Professionals
- NGOs
- Graduate students
- Others
We understand that the biggest value at SDC has always been – its people, inspiration that they bring and meaningful, long-lasting connections that are established at the conference. This is why we designed an event that fosters a personal connection and an engaging learning and networking experience.

**SDC key takeaways:**

- 100% participants made new friends
- 100% believe that SDC2021 provided them with knowledge, connections and opportunities that will be useful for their career
- 100% participants would love to attend again

Join us and help us create another memorable SDC!

**Rated by 4.65/5 participants**

**OFFICIAL MEDIA PARTNER**

**iMPACT magazine** is a repository of exclusive content for individuals in the development sector, particularly Institutional/Corporate workers, Non-profit Professionals, and Development Sector Students, providing insights on the most recent innovations, best practices, case studies, research, and career guidance to young agents of change in South and Southeast Asia.

* We cannot guarantee the availability of spots for onsite registration. Onsite registration is subject to availability of spots and is offered to observers only, on first-come first-served basis. Presenters are required to complete their registration and secure spots in advance. After 15th of January 2023, presenters may register only for poster presentations, if space is available.

** Presenters who do not physically attend the conference may opt for either poster, or pre-recorded video.

*** If more co-authors of the same paper/presentation register for attending the conference, one must register at full admission fee.

**** Full time students attending the conference as observers only. Proof of full time student status will be required.

The cost of the conference includes:

- Conference brochure
- Conference kit: conference bag, hard copy of the conference program, notebook, pen, conference name tag and gift (for in-person only)
- Invoice of the registration fee
- Admission to all in-person sessions (for in-person only)
- Snacks, coffee and lunch breaks throughout the conference (for in-person only)
- Review of the paper and its publication in the official conference proceedings (for authors)
- Presentation of accepted paper (for authors)
- Copy of the conference proceedings
- E-Certificate (for virtual presenters)
- Hard copy of the certificate (for in-person only)
10th Sustainable Development Conference [SDC2023] will take place from 5th - 7th of November 2023.

SDC2023 will be held in Bangkok, Thailand as an in-person event. Sessions will take place in “Radisson Suites Bangkok Sukhumvit”, centrally located and easily accessible from any point of the city.

**Accommodation:**

We can offer assistance in arranging your accommodation in the Radisson Suites Bangkok Sukhumvit, at discounted rates applicable for the SDC2023 participants for a Superior room at 78 EUR per night (single or double occupancy) with breakfast, WiFi and tax included. If you want us to book a room for you, please specify the dates of your stay in the hotel in participant information sheet (attached as a separate document and sent along with invitation to the conference), once your flight itinerary has been finalized. Discounted rate applies for the entire period of your stay in the hotel, and may include dates before and after the conference as well.

**Superior Room (32 m2)**

Featuring floor-to-ceiling windows, our Superior Rooms have a choice of one king bed or two twin beds. An in-room safe with laptop storage provides peace of mind while you visit nearby attractions. Request daily turndown service so you can return to an inviting room, and then enjoy pay-per-view movies and free Wi-Fi. A DVD player is available on request. Business travelers appreciate the large desk with a media hub.
Md. Touhidul Alam Khan is an additional managing director of Standard Bank, Bangladesh. Dr. Blessing Anyikwa - University of Lagos, Nigeria

She is an Associate Professor from the Department of Adult Education, Faculty of Education with specialization in adult literacy. She graduated from the University of Ibadan in 1994 with a B.Ed in Adult Education. She obtained a Master’s degree in Adult Education (Literacy) in 1998 and 2008 respectively from the University of Lagos. Her research focus is in Adult Education Literacies (Environmental literacy), Adult Education, and literacy for disadvantaged groups in Nigeria especially in integrating those with indigenous education to formal, informal and non-formal education. She is a member of the Nigerian National Council for Adult Education (NNCAE), Teachers Registration Council of Nigeria (TRCN) and Educational Research committees at BNCA, Pune, SRM University, Chennai and Dayanand Saggar College of Architecture, Bangalore and has acted as reviewer for the (IC2UHI) international conference. She has guided over 30 masters dissertations, over 50 research papers at masters level and 50 research papers at UG level.

Dr. Sujata Karve - Dr. Bhanuben Nanavati College of Architecture, Pune, India

Sujata is an Architect-planner with over 20 years of experience in academics and 10 years in sustainable planning and environmental design consultancy. Currently the Head of Department of M. Arch (Environmental Architecture) at BNCA, Pune, she holds a Bachelors degree in Architecture from MMCA, Pune, Masters degree in Planning from School of Planning and Architecture, New Delhi and was awarded a Ph. D in 2018 from the Swaraj College Pune University. With a focus on environment and environmental behaviour, she is actively involved in various research oriented activities and academics. She is also an environmental consultant with the Fourth Dimension Group, Pune. She is also on the Doctoral Research committees at BNCA, Pune, SRM University, Chennai and Dayanand Saggar College of Architecture, Bangalore and has acted as reviewer for the (IC2UHI) international conference. She has guided over 30 masters dissertations, over 50 research papers at masters level and 50 research papers at UG level.

Mr. Dann Diez - Seed4com, Philippines

Dann Diez is a climate justice activist and international speaker on leadership, sustainability and green business. His passion for people and planet brought him to help and mobilize eco-actions in the island and indigenous communities. His training, experience and global involvement in social enterprise and sustainable development made a mark because of his dedicated commitment in sharing this to the grassroots communities. Dann is also the co-founder of Punyon Kinaiyahan Internationale (alliance of the earth) a grassroots movement for education and entrepreneurship. Dann is also the co-founder of Seed4com that empower communities and activities and academics. She is also an environmental consultant with the Fourth Dimension Group, Pune. She is also on the Doctoral Research committees at BNCA, Pune, SRM University, Chennai and Dayanand Saggar College of Architecture, Bangalore and has acted as reviewer for the (IC2UHI) international conference. She has guided over 30 masters dissertations, over 50 research papers at masters level and 50 research papers at UG level.

Ms. Aisyah Pia Asrunputri - Universitas Muhammadiyah Prof. DR. HAMKA, Indonesia

Aisyah Pia Asrunputri, BA (Hons), MM, is a lecturer, reviewer and doctoral student from Indonesia. She is the author of Building the Paradigm of Sustainable Learning Organization: Management Effort in Reaching Business Excellence (DD Publishing, 2018). Her current research focuses on the dynamic capabilities in the public organizations in emerging countries such as Indonesia. Pursuing this research agenda, she has been recently writing a book on how dynamic capabilities influence the pursuit of competitive advantage. Since 2021, she has been a reviewer for numerous high impact Scopus journals including Nature.

Dr. Nirmal Kumar Srivastava - Dr. B. R. Ambedkar National Institute of Technology, India

Dr. Srivastava did his B. Tech. from Harcourt Butler Technological Institute (HBTI) Kanpur, M. Tech. from Indian Institute of Technology (IIT) Roorkee and Ph. D. in Chemical Engineering from National Institute of Technology (NIT) Jalandhar. Presently, he is working as Associate Professor in the Department of Chemical Engineering at Dr. B. R. Ambedkar National Institute of Technology (NIT) Jalandhar. He has 25 years of experience in teaching and research. He has published over 60 research papers in various refereed journals and conferences and 05 Books/Book Chapters. He is reviewer of 34 peer reviewed refereed SCI/ Scopus indexed journals and e-books. He is member of organizing committees of 30 Scopus indexed international conferences of reputable throughout the world. He has visited 06 countries to present his paper in reputed International Conferences. He has been invited as national committee member to be part of 'Subject Expert Group' for "Liquid Waste Management" for Unnat Bharat Abhiyan, an initiative of Ministry of Education, Government of India.
Tomorrow People is excited to announce collaboration with the **United Scientific Group** as our media and publication partner.

USG is an expert-driven initiative led by the editor’s association to identify and fill the gaps in knowledge sharing by publishing novel research findings through an ethical and stringent review process. USG journal titles are uniquely coined by the respective Editor-in-Chief’s (EIC) covering the unattended areas of science, technology and medicine.

This collaboration will expand opportunities for the participants of our 10th Sustainable Development Conference [SDC2023] to publish papers in the range of USG’s journals on themes covered by these events.

**NanoWorld Journal**  
**ISSN: 2379-1101**  
Abstracted/Indexed in: Scopus, CAS (Chemical Abstracts Service), SHERPA/RoMEO, Genamics, OCLC – WorldCat, J-Gate, Index Copernicus, Google Scholar and Electronic Journals Library  
Web: [https://jnanoworld.com](https://jnanoworld.com)

NanoWorld Journal (NWJ) is a quarterly, peer-reviewed, open access journal that publishes original research articles, reviews, letters to editor, and technical notes on the solutions through Nanotechnology and Nanosciences to the problems facing the world in the key sectors of energy, environment, space, hardware and cancer in order to achieve significant progress with the involvement of overall society in a dedicated sixth section of the Journal. The scope of the NWJ is centered in the key sectors from which depends on human progress and survival, with the aims to enhance worldwide cooperation in Research and Development. NWJ aims to provide the highest coverage in the fields of Nanotechnology, Nanomedicine, Nanomaterials, Nanoenergy, Nanoparticles, Graphene, Cancer Nanotechnology, Nanotubes, Nanosensors, Nanotechnology Drug Delivery, etc.

**Journal of Food Chemistry and Nanotechnology**  
**ISSN: 2471-4291**  
Abstracted/Indexed in: Scopus, AGRICOLA – National Agricultural Library, AGRIS, OCLC – WorldCat, SHERPA/RoMEO, Genamics, J-Gate, Index Copernicus, Scilit and Google Scholar  
Web: [https://foodchemistryjournal.com/](https://foodchemistryjournal.com/)

Journal of Food Chemistry and Nanotechnology aims to publish reviews, original research and technical articles relating to current high-impact research results in the fields of food chemistry and food nanotechnology covering bioactive constituents and micronutrients, antioxidants, food flavor, active-packaging techniques, nanosensors for the detection of contaminants and toxins, nanoencapsulation, nanofiltration, food safety and toxicology, quality control and assurance.
Other important details

**Registration:** Notification on acceptance, does not guarantee a spot in the conference unless registration arrangements are completed until the date specified in the acceptance letter and invoice. If the registration arrangements are not completed by the deadline specified in the letter of acceptance, we reserve the right to release a spot and offer it to another waiting listed applicant.

**Correspondence:** In all written correspondence, please include your full name as indicated in your application and acceptance documents in order to avoid a delay in getting assistance. Admitted applicants are expected to confirm receipt of the notification of acceptance to the conference and clarify their position by the deadline stated in the letter of acceptance and the invoice. If, for any reason, you are unable to attend the conference or are in need of an extension of a deadline for clarification of your position in the conference, please confirm with us as well.

**Passport:** Valid passport is required to enter the Kingdom of Thailand. If you plan to attend the conference in-person and do not have a passport, please apply for one immediately.

**Visa:** Participants from most countries do not need a visa to enter The Kingdom of Thailand if their stay is not longer than 30 days. However, please double-check your visa requirements with the nearest Thai embassy, consulate, or representative office. If you require a visa, please let us know so that we could provide necessary visa assistance through our local Thai partner agent.

**Accompanying persons:** Please, note that only registered delegates are allowed in the meeting room and conference area, due to limited space available. Accompanying persons will not be allowed in the meeting room or conference area, unless registered for the conference. If you want to arrange a tour or an activity for them, a designated tour agent desk will be available in the hotel to assist with information or bookings.

**Student observers:** Full time students attending the conference as observers are requested to submit the proof of their full time student status in order to avail of student registration fee. This can be a scanned copy of the student card, or a letter from their university scanned and emailed to: contact@tomorrowpeople.org.

**Travel:** Participants flying internationally should book their flights to either Suvarnabhumi International Airport (BKK) or Don Mueang International Airport (DMK).
Insurance: Although the cost of medical care in Thailand is not expensive, we strongly recommend having an internationally recognized medical insurance that can be purchased at your local travel agent.

Sightseeing tours: There will be several optional tours offered during the three day program which can be booked onsite. For the convenience of the participants, a dedicated tour operator desk will be provided for any additional information and tours you may want to book for yourself or accompanying persons traveling with you.

Passport: Valid passport is required to enter the Kingdom of Thailand. If you plan to attend the conference in-person and do not have a passport, please apply for one immediately.

Outside Funding: A number of our participants receive some sort of funding from their home university. If you are studying or working at the university, please check if they have funds to support attendance of international conferences. If you are employed, check with your organization whether they could sponsor your participation. You may also want to contact local service organizations, such as Rotary Club.

Late and onsite payments: Please, note that early bird registration fee applies for the payments made until the deadlines stated in the acceptance letter only. For payments made after the deadline stated in the acceptance letter, the regular admission fee will apply as well as for onsite payments; Onsite registration is available for observers only and is subject to availability of spots, which are offered on the first come first served basis. We cannot guarantee the availability of spots for applicants who have not secured their spot in advance, as space in our conferences is limited.

For more information, please visit the FAQ page at: www.sdconference.org/faq, or contact us at vilic@tomorrowpeople.org.
We’re happy to announce that we’ve partnered with One Tree Planted to plant trees!

One Tree Planted is a 501(c)(3) nonprofit on a mission to make it simple for anyone to help the environment by planting trees. Their projects span the globe and are done in partnership with local communities and knowledgeable experts to create an impact for nature, people, and wildlife. Reforestation helps to rebuild forests after fires and floods, provide jobs for social impact, and restore biodiversity. Many projects have overlapping objectives, creating a combination of benefits that contribute to the UN’s Sustainable Development Goals. To learn more, visit onetreeplanted.org

We’re honored to have reforestation through One Tree Planted as an integral part of our mission.

For every SDC2023 participant, Tomorrow People Organization will plant a tree!

SDC is planting with a purpose of supporting the farmers in Rwanda. As a small organization we cannot change the world, but we can create a meaningful impact and change the world of an individual. And, with your help, maybe, even of an entire community.
